

ALL THE NEWS OF THE BADGER STATE

MILWAUKEE ANGLERS ORGAN- IZE TO PROTECT FISH.

Breweries Save \$30,000 Beer Tax By a Recent Decision—Paper Makers Are Busy—Milwaukee Gains Low Street Car Fares—Menasha's Mayoral Contest.

Sixteen Milwaukee anglers held a meeting at the Hotel Pfister last night and organized the Wisconsin Rod and Reel club, which will be incorporated under the laws of Wisconsin without capital stock. The articles of incorporation state that the club is organized for the purpose of assisting in the protection of game fish in Wisconsin waters, to furnish information to members and cultivate the art of scientific angling.

It is the purpose of the club to purchase property in Wisconsin where the fishing is good, and build a club house. It is understood that a section of land in Ogechie county, the property of the Allis estate, is regarded favorably, as the waters in that locality teem with trout, bass and muskallonge.

ACTIVITY AMONG PAPER MAKERS

Demand Leads to the Starting of Manufacture Anew

Menasha, Wis., March 12.—Workmen from the Beloit iron works are overhauling the Howard paper mill. The demand for paper at the present is of such volume that the paper mills of the Fox river valley are reaping a much sought for harvest. A sulphite plant in connection with the Howard paper mill will be erected. The mill was constructed nine years ago by C. M. Howard at a cost of nearly \$200,000 and during the five years following Mr. Howard made thousands of dollars.

The mill was sold in 1897 to a stock company of Oshkosh capitalists composed of W. K. Rideout, Benjamin Dougherty, Adam Brown and D. L. Libbey for \$110,000.

After the stock company gained charge the big guns started a game of freeze-out which resulted in the mill lying idle during the next four years except on short intermittent spells with the result that the stock company sunk \$75,000 during the four years. The mill was then resold to O. W. Howard about a month ago for \$32,000, the stockholders thereby losing the entire first purchase price of the plant.

GET BACK A BEER TAX.

Milwaukee Brewers Gain \$30,000 by a Recent Court Decision.

By a recent decision of Judge Townsend, of the United States court for the district of Connecticut, the government is likely to lose a large amount of money paid by brewers upon their product. The question at issue was whether the last tariff act became effective from the date of its signing by the president, or whether its provisions were retroactive. Judge Townsend decides that the act went into effect at 4 o'clock in the afternoon, the hour when President McKinley signed it. This is the first judicial decision on the question, and it is sustained by the United States supreme court all the money that went into the coffers of Uncle Sam under the ruling of the treasury department previous to that hour in excess of the Wilson tariff rates will have to be refunded. Under this decision the government will be compelled to refund about \$30,000 to the brewers of Milwaukee.

MILWAUKEE WILL BE GAINER

Competition Between Street Railways Will Profit the Public.

The new and sharp competition for a street railway franchise in Milwaukee bids fair to result soon in a material advantage to the public, both in the way of a cash bonus and lower fares.

Mr. Payne yesterday made his promised proposition for the Milwaukee Street Railway and Lighting company. In brief, he offers \$50,000 cash and a 4-cent fare from 5:30 to 7 a. m. and from 7:30 to 7:30 p. m., for the benefit of working people, and the extension to the new lines of the general transfer system now in vogue. Mr. Payne also explained in detail the plans of his company for larger extensions of its present lines.

This offer stirred up Mr. Frost to promise a new proposition, and he now proposes to give electric light to the city at a reduced cost and to turn his electric light plant over to the city when it is ready to buy it. This offer has not yet been formally made.

LIVELY CONTEST IN MENASHA.

Three Men Have Aspirations for the Mayoralty This Year.

Menasha, Wis., March 12.—From present indications it is manifest that there will be a bitter contest among the candidates for mayor in this city. Those aspiring for the honor are Alderman Joseph Schneider, democrat; P. V. Lawson, republican; F. D. Lake, republican. The city is democratic, but Mr. Lawson has a knack of pulling democratic votes which has secured him the office every time that he has aspired to it, excepting last year, when he was beaten by the present incumbent, J. McC. Pleasants.

State News in Brief

The Eau Claire county board has resolved to sell to James T. Gates, of Milwaukee, all the county lands, 222 for sale at \$12 per forty. Mr. Gates first proposed \$10. The deal is to be closed inside of thirty days. It is said he is a member of the colonizing syndicate of which ex-Gov. Upham is the head.

The jury at Waukesha in the case of the state against Otto Fischer, of Milwaukee, charged with preventing men from working, by threats and coercion, brought in a verdict of guilty this morning. Judge Tullar will announce the sentence in a day or two. The case will be appealed to the supreme court.

George R. Hall will be appointed postmaster at Oconto. The recommendation for this nomination has been filed by Representative Stewart. The term of the present democratic postmaster expired March 8. The appointment will be sent to the senate with the next batch of nominations.

The Security Life association, of Oshkosh, has gone into voluntary liquidation. It was organized in 1894 as a life and accident company on the mutual plan. Adjt.-Gen. Boardman was president and F. J. Barber, secretary.

The 1898 directory of Oshkosh, by actual count, is found to have 12,848 names in it. These figures, multiplied by 2, the lowest ratio used by any directory publisher, gives Oshkosh a population of 25,696.

The first edition of L. E. Lindsay's directory of Chippewa Falls has been issued. There are 3,321 names in the volume, indicating a population of 10,000 for Chippewa Falls at the beginning of the year.

Dr. F. T. Carter, first assistant at the Milwaukee hospital for the insane, lies critically ill of consumption at the hospital in Wauwatosa. It is not expected that he can live.

Adj.-Gen. Boardman denies that the state officials of the Wisconsin National guard have taken any action looking to preparing the guard for active service.

Langenkamp Bros., brewers, of Tisch Mills, have made a voluntary assignment. Frank S. Laugel was appointed assignee. The assets are about \$6,000.

News has just been received of the death of J. S. Larson, district attorney for Vernon county, at San Bernardino, Cal. He went there for his health last December.

The Milwaukee postal receipts for last month amounted to \$49,826, and February, 1897, to 17,529, an increase of \$3,297 or 4.8 per cent.

The cornerstone of the Elisha O. Smith public library will be laid with appropriate ceremonies on Friday, March 8.

CONTENT AT BASKET BALL

Janesville and Milwaukee High Schools Play This Afternoon.

Confident of victory, members of the High school basket ball team boarded the 7 o'clock train on the St. Paul road this morning bound for Milwaukee. At 2:15 o'clock this afternoon they met the members of the East Side High school team. Both teams have met before, the Milwaukee team once defeating the Janesville boys at Milwaukee by a score of 17 to 3, while the home team defeated the Milwaukee team in Janesville by a score of 12 to 6. The home team lined up as follows this afternoon: Forwards—Henry Carpenter and Len Matthews. Center—Boyd Nott. Backs—R. Y. Palmer and S. Murwin. Fred Sutherland acted as captain, while Harry Nowlan went along as substitute. Miss Davis, Miss Mary Holt and Professor D. D. Mayne accompanied the team.

The Milwaukee team was composed of Captain Warren Bishop, Wallace Benedict, Arthur Early, Walter McNaughton and Walter Keller.

HAVING PLENTY OF TROUBLE

Beloit Hotel Keeper Charged With Violating the Law

Landlord Helgenbrand, of the Goodwin Hotel in Beloit, who formerly resided in this city, is having his share of trouble at present in the Line City. The Free Press says:

"Proceeding were begun today by Mayor Hardy against Landlord Helgenbrand, who is charged with having maintained a saloon with an entrance not permitted under the ordinances. Mr. Helgenbrand pleaded not guilty and a jury was summoned in the case."

New York, March 12.—[Special]—The mysterious murder of the pretty three year old child near Rockville Center was solved today by the confession of Hilda Peterson, the child's mother. She said she killed the child because she could no longer pay its board. The child was murdered by carbolic acid being forced down its throat. The woman inherited her murderous instincts, her father having choked her mother to death in Sweden.

CITY OF PARIS IS SAFE

Overdue American Passenger Steamship Sighted Off the English Coast.

Southampton, March 12.—[Special]—The overdue steamer City of Paris is safe. She passed the Lizard this morning moving slowly.

The City of Paris is one of the steamships of the American line, and one of the finest of the six boats of that corporation. Interest in her fate was heightened by the announcement from Washington a few days ago that the navy department had taken partial possession of these craft, and would use them as commerce destroyers in case of war with Spain. A naval officer is to be placed on board of each vessel, and to have control of her movements in case of emergency.

PEACE REIGNS IN EVANSVILLE

Dispute About Two Balls Finally and Forever Settled.

Prof. Henry Hays, formerly of this city and now of Evansville, is receiving no end of notoriety these days in the Out Off town. His orchestra played for a charity ball recently given in Evansville, which was supposed to be the event of the season in point of attendance. The Woodmen followed with a masquerade, and they claim to have had the larger crowd. Then the trouble commenced, and at last accounts it was still raging. An Evansville paper says:

"Prof. Hays is not in it; so sayeth the wise judge who knoweth all things. In the article under the title 'Charity Ball Not In It,' the writer gave the figures as they were given to him, but it was not an official report. The writer did not sell tickets nor count the spectators; neither did he ask any of his friends to write the article for him. This is the official report from one of the officers: Receipts \$85, expenses \$49. It ought to be satisfactory. There were no tickets solicited from the people for the M. W. of A. masquerade. As the charity ball and the M. W. of A. masquerade are things of the past, let there be peace."

TALK OF BUSINESS HONESTY

Mr. Hall's Theme Tomorrow Evening at Court Street Church

"Should a Business Man be Always and Allegorically Honest?" is a subject which is truly practical. The eager rush for wealth is liable to make men forgetful of strict integrity in the methods used. Some of our business men are daylight themselves in honesty. Others of them need to be made to think profoundly on this subject, and honesty is a subject which everyone, old and young, should consider. In the morning Mr. Hall will define a true revival.

THEY NEED A CLUBBING

Senseless Men Who Scratch Matches on Polished Railway Cars

"I don't think I am stretching the matter a bit too far to say that the biggest lot of fools in any town along the line from Chicago to St. Paul reside right here in Janesville," said a sleeping car conductor at the depot last evening as the new Chicago & Northwestern train was about to pull out for St. Paul.

"Now I don't include the ladies in this remark," he continued, "but I refer to a certain list of men who come here each night to look over this handsome train. Every night since I have been running on the new vestibule we would see more than come to a stop here than would sleep some man or boy with pipe or cigar in hand and deliberately scratch a match on the sides of these handsomely finished coaches that the company has paid out thousands of dollars on. The only way we can remove these marks is to revarnish the cars, while to prevent it we must keep a strict watch. At Madison those long haired university boys have been caught in the act several times."

REST ON RIVER BOTTOM

Steamers That Sunk Last Fall Are Still Under Water.

The steamer "Billy Burr," which used to ply between this city and Burr Springs, and which was the finest boat that ever steamed out of Janesville, has rested this winter on the bottom of Rock river at Rockford. An attempt was made to raise the Arrow this week but it was unsuccessful on account of the great quantity of ice attached to the hull. The boat has been moored at the foot of Peach street for the winter and early in the cold weather it was tipped over and partly submerged. No attempt to remedy its situation was made at the time as the ice prevented, and the boat was sunk deeper as the ice became heavier until it is now entirely under water.

BOYS FORCING THE SEASON

Playing Marbles This Spring Earlier Than Ever Before.

The marble season has commenced in Janesville much earlier this year than has been the custom. Merchants say they were forced to bring out their stock of marbles this year earlier than ever before. The juveniles are now playing on every corner where there is a dry spot. The youngsters of today can fill his pockets with taws and alleys at a remarkably small expense. The variety that a few years ago brought one cent each are now seven for a cent, and the prices of the others are cheaper accordingly.

WATER POWER TO SPARE

Rock River Is Giving Millers All the Power They Need

Local mill owners are not praying for water these days. The recent heavy rains throughout the state have sent Rock river on a tear, and for the first time in months the water is pouring over the city dams at a terrific rate of speed. Plenty of power is now furnished the mills of this city, and if necessary they may run both day and night.

During the past few days measurements show that the river has risen fifteen inches.

Fairfield.

Fairfield, March 12.—David Dykeman died at his home two miles south of this village on Tuesday, March 8, after an illness of nearly a year and a half. He was born in Schoharie County, N. Y., and came to Wisconsin with his parents in 1842. He was the youngest of a large family of children, of whom but three brothers remain—John, Cornelius and Weston Dykeman of this place. He was married in 1871 to Miss Addie Houston, who died four years ago. In June, 1895 he married Miss Elma Outter, of this place, who survives him. He also leaves an adopted son, Robert Dykeman. The funeral services were held on Friday, March 11, at 2 o'clock, from the Methodist church of this place, of which he was a member.

JANESVILLE IS AN EASY WINNER

DEFEATS MILWAUKEE BY A SCORE OF 17 TO 9

Game Was An Exciting One, But the Rock County Boys Were More Than a Match For the Brewers—All Are In Jubilant Mood.

Milwaukee, March 12.—[Special]—Members of the Janesville high school indoor base ball team came out victorious in their game this afternoon with East Side High school team. The score was 18 to 9 in Janesville's favor.

At promptly 2:45 o'clock the game was called, and the Janesville boys took their positions amid liberal applause. There was a fair sized crowd of spectators, and they lost no time in cheering the Milwaukee boys to victory on every point.

At the end of the first twenty minutes half the Janesville boys demonstrated the fact that they knew the game just a little better than their opponents, and the half ended in Janesville's favor by a score of 8 to 2. When the last half was called the Bower city team lined up as fresh as if they were in the field for the first time. In the last half the Bower City boys gained at every turn, and at all times had the Cream City team guessing. Following the game a banquet and dance was given.

WISCONSIN MAN DIES

William Spencer, Journal Clerk of the Senate, Expires at Washington

Washington, March 12.—[Special]—William Spencer, for thirty-one years Journal clerk of the United States senate, died this morning from heart failure caused by an attack of asthma. He was a native of Wisconsin.

Mr. Spencer was born in Madison about sixty years ago. Previous to assuming his duties in the United States senate he had two years' experience in the state legislature. He was a gentleman of culture, well versed in parliamentary usage and was personally popular wherever he was known. For many years he has spent his summer vacations amid the scenes of his boyhood and around the four lakes.

THEY MIXED MATTERS UP

Queer Relationship Brought About By a Recent Janesville Wedding

The marriage of David Sheaff, of Holcomb, Ill., to Miss Frances Conant, of Monroe Center, Ill., which took place in this city at the Grand hotel, Wednesday afternoon, has caused quite a stir among their relatives down in Illinois. The Rockford Register-Gazette says:

"What makes the marriage all the more interesting is the fact that Mr. Sheaff's bride is a sister of his son's wife, which makes Mr. Sheaff and his son brothers-in-law and also makes Mrs. Sheaff, Sr., step-mother of her own sister. Mr. Sheaff, Sr., can also play the dual role of grandfather and uncle to his son's children. There are also other amusing complications which the gentle reader can figure out for himself."

WAS LACKING IN GALLETTRY

Young Men Whose Drowsiness Brought Woe to a Sleighing Party.

Some queer stories are being told about the bob load of Good Templars from Edgerton who visited the local lodge last week. The Edgerton Reporter says: "Two of the young men in the party became sleepy on the way home and their fealty as escorts ebbed to mere nothingness. A pitch hole in one side of the road caused the sled to slew a trifling and two of the young ladies were precipitated in about two feet of snow by the road side. Young men who set as escorts to young ladies while sleighing should always endeavor to anchor them fast to the bottom of the sled when the roads are a little uncertain."

Instructions to Historians

Appended is the letter sent by the Early Settlers' committee to each of the persons named above. It will be seen that it is the purpose of those having the matter in charge to make of the contemplated work a comprehensive and accurate history of the occurrences that have assisted in the growth and development of the county giving at the same time sketches of public institutions established hereabouts that contribute towards the fame and well being of the community. Janesville, Wis., March 12, 1898.—DEAR SIR:—This is the fiftieth year of the existence of our state government. It is proposed by the people of the state to commemorate this important event in the history of our state by suitable celebrations.

A committee of one hundred residents of different portions of the state has been appointed to arrange for these celebrations. This committee of one hundred has appointed an executive committee, of which Governor Secor is chairman, and G. P. Stickney, of Madison, is secretary.

The plan of this committee is to hold a celebration at Madison on the 7th, 8th and 9th of June, and a carnival at Milwaukee from June 27 to July 2.

At the celebration to be held at Madison, the 7th of June will be the governors' day. On that day the governors of the states of Ohio, Illinois, Michigan, Iowa and Minnesota, with their staffs, have been invited to be present as guests of the state. On June 8, the survivors of the two constitutional conventions, and of the voters of 1849, the surviving state officers, the municipal officers of the state, the members of the Grand Army, officers and students of the different colleges and schools, and of different societies, will hold conventions.

On the 9th the local historical societies, the societies devoted to agriculture, horticulture, and other civic and religious organizations will hold meetings. It is desired that complete histories of cities, towns and counties be prepared prior to these celebrations, with a view to their publication in a semi-centennial volume.

It has seemed important that Rock county shall take in these semi-centennial celebrations. If the histories of our town are to be written for these celebrations, the work must be done by the residents of each town.

The Early Settlers' club has consented to take charge of this work in the towns in this county, and has appointed a county historical committee, consisting of W. J. McIntyre, Esq., the county clerk of this county, as chairman and one member from each town, who is authorized to appoint such committee, or call to his aid such persons as he may desire.

You have been appointed a member of this committee for your town, with authority to appoint a committee to aid you, if you desire.

Mr. McIntyre, the chairman of the County Historical Committee, will give you more definite instructions about

FRENCH FANCY SILK WAISTS FROM HARPER'S BAZAR

One of the new spring fancies is illustrated in a bodice of Wedgewood-blue silk strapped with blue velvet of a much darker shade. The front is original, made with a wide box-pleat banded in the darker tone. This box-pleat is bordered each side with double ruffles of hem-stitched lawn—a French fancy for trimming silk, and even cloth. The bodice has little basques set over the hips and back, with vertical bows of velvet, which are a continuation of those from the shoulder seams. The sleeves, of the small variety one now sees on all fancy bodices, are finished at the wrist with plain lawn cuffs, and trimmed in the same style as the rest of the bodice with velvet lines in a diagonal direction. The band at the throat is arranged for a detachable collar, which is worn with a cravat of the same material at the waist, and

likewise banded. The belt is of velvet with an old silver buckle.

A light-weight fancy wool in wistaria color is the material of another imported model. A yoke of Russian embroidery which is most lavishly used in Paris at present, is outlined in the back, as well as in the front with three tiny ruffles of lawn bound with black gauze ribbon. Three little trills graduate to the waist; where they are confined by a pointed and rather narrow satin girdle. The collar of the same satin, draped, is finished with a corresponding ruffle. The sleeves, in a diminutive mutton-leg style are adorned at the wrist with two tiny black bordered trills. The proper cut of both waists can be obtained from the cut patterns furnished by Harper's Bazar where they appear.

the work. He will furnish you such assistance as his time will permit.

The officers of the Early Settlers' club will also give you such aid as they may be able to do. Your correspondence should be with Mr. McIntyre, the chairman of your committee.

All reports should be completed, if possible, and sent to the chairman of your committee, by the 20th of May. Respectfully yours,
A. A. JACKSON,
Pres. Early Settlers' Club

Secretary.

PRAISE FOR THE DEAD

Resolutions in Memory of the Late A. A. Duller.

At the last meeting of the American Lodge No. 26, D of R, the committee to whom was referred the recent death of A. A. Duller reported as follows:

In Memoriam

Mr. A. A. Duller. Your committee to whom was referred the subject of the death of our late respected brother hereby submit the following as a slight token to his memory.

Whereas God in his infinite wisdom has thought best to remove from among us our brother, may the memory of him lead us all to better and nobler thoughts and deeds. In Sister Duller's sorrow we sincerely sympathize with her. Therefore

Resolved, That while we bow in submission to the decree of an all-wise Father, that we extend to Sister Duller and family our heartfelt sympathy in their sad bereavement, and may they help each other in bearing the burden of their great sorrow.

Resolved, That our charter be draped in mourning for thirty days, and a copy of these resolutions be spread upon our records, and that they be published in the city papers and the Odd Fellows Friend, and a copy be forwarded to the family of our late brother.

ELLA STOUT,
NELLIE BLAKELY,
Committee.

There is a vacant chair in our Lodge room tonight.

One more link from our chain has been severed. Brother Duller has been called from the realms of light.

Has been linked to the bright chain in heaven.

No more can a gavel of wood call him down. For he has taken the Supreme grand degree; High Priest Aaron has placed on his head a crown.

And he's ruled by the Grand, Mystic Three.

The degree was taken; only the true and good are given the grand grip and test.

With Moses and Aaron and the grand brotherhood.

He will sit in the Lodge of the Blessed.

We have buried his faults, though few, in the grave; With his ashes they will forever rest.

But all in his life that was noble and brave, Will be green as the grass that shall grow o'er his breast.

JANESVILLE PASTORS HAVE PROFIT IN STORE TODAY.

They Will Discourse Upon Matters of Everyday Interest to the Community—Lenten Observances Will Mark the Day at the Episcopal Churches.

Matting for Floor Coverings. . .

If only all housekeepers knew the value and comfort of matting, how much worry and work would be saved, how many dull houses would look cheery! If you own your home and have hardwood floors thank kindly destiny and dismiss the subject. But if you live in a rented house, or cannot afford hard floors, if for any reason you are considering the subject of floor coverings, pause long before passing over the advantages of matting. It is clean, fresh and easily cared for. It is a perfect floor covering in summer and an excellent background for rugs in winter—from the cheapest to the richest—adding to the cheerfulness of a room, yielding all accumulated dust to light brushing, possessing indeed almost every advantage that a floor-covering can have, with no disadvantages. In making a move or refitting a house, every yard of it can be utilized. It is easily renovated (by soap and salt water), and can be matched or pieced, using the whole parts in two rooms to make one good complete room. Lastly, it is cheap, its growing popularity having so encouraged its manufacture or importation that it is to be had almost everywhere in great variety at moderate cost. To sum up its merits, matting gives a house a fresh, clean feeling, a sense of cheerfulness that no other floor covering give. Its soft, new colorings make it available in the most carefully studied color schemes; it is pleasant to walk upon, is a practical protest against dust and microbes, is, in fact, both wholesome and satisfactory.—Home Companion.

NEWS FROM THE MORNING PAPERS

ALASKA LINE NOT FIXED.

Reports That Boundary Treaty Has Been Signed Are Untrue.

Washington, March 12.—It is said at the state department that the Ottawa reports that Great Britain and the United States have signed a treaty for the settlement of the Alaskan boundary dispute are incorrect, no treaty having been signed as yet and the matter still being a subject of negotiation. The department will say nothing regarding the details from Ottawa as to an agreement that the boundary line shall be computed from the shore line, following it in all its sinuosities and that the tops of mountain peaks shall mark the limit of American territory, but it is intimated that the Ottawa reports are a little strained.

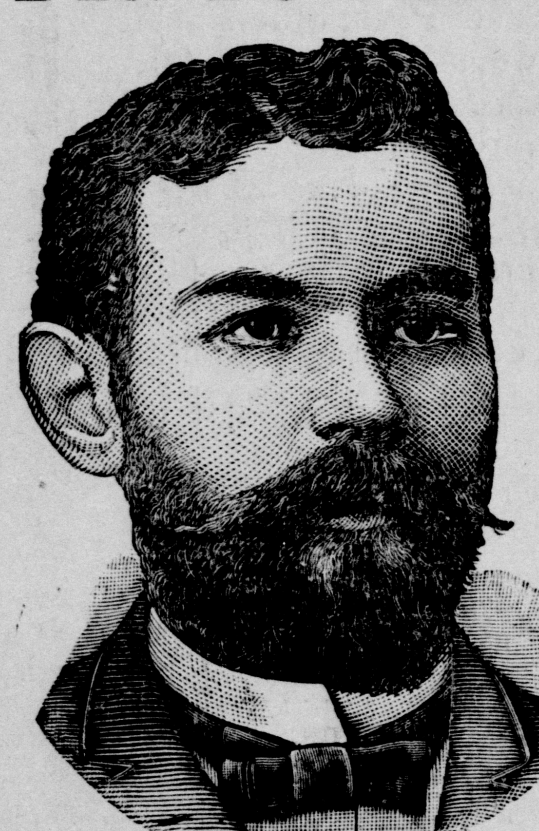

Sir Julian Pauncefote, the British ambassador, through his secretary, Mr. O'Brien, also authorized a complete and special denial of the reported perfection of a treaty. No convention of any character, he said, had been made, and the details given, therefore, were erroneous as a whole and in detail.

Big Strike Menaces St. Louis.

St. Louis, March 12.—It has been announced that a strike which threatens to extend to every branch of the building trades in this city will be inaugurated on April 1, when from 1,600 to 1,800 members of the Bricklayers' union will lay down their trowels. This step was decided upon after the recent manifesto of the boss bricklayers, that after the 1st of next month a cut in wages of 15 cents per hour will go into effect. The bricklayers are in open revolt and conferences have so far been in vain. The bosses insist upon the cut, and intimate that it will be forced with non-union labor if necessary.

"I can say one thing for Chamberlain's Colic, Cholera and Diarrhoea Remedy; and that is that it excels any proprietary medicine I have seen on the market, and I have been in the practice of medicine and the drug business for the past forty years," writes J. FIGHT CALLED A DRAW.

Decision Not Popular in the Choynski-Sharkey Contest.

San Francisco, March 12.—The fight Friday night between Joe Choynski and Tom Sharkey was declared a draw by Referee George Green in the eighth round. There is no precedent for the referee's decision, as by all the rules of the prize ring Choynski should have been given the fight in the early rounds. Sharkey is one of the foulest fighters that ever stepped from a chair to the center of the ring. The spectators to a man were disgusted with his rough, unsportsmanlike conduct, but as long as the referee allowed them to continue cheering Choynski on came from every corner of the arena.

In the eighth round Sharkey became unusually rough after receiving a sound beating from his slimmer opponent, and he rushed Choynski clear through the ropes, falling upon the platform himself from the force of his rush. It was then that the referee sent the men to their corners and declared the contest a draw.

Tumult in Central America.

Panama, March 12.—Advises received from correspondents at various points in Central America state that war clouds are still hovering over those countries. The correspondent in La Libertad, Salvador, says the situation between Costa Rica and Nicaragua is serious and that it is reported that troops have already gone to the field. It is thought that Honduras will aid Nicaragua in a war against Costa Rica and it is reported that Honduras has already sent 5,000 armed men to Nicaragua to combine with the latter country's forces. Salvador, meanwhile, is exerting all efforts to avert war, but the government is resolved not to take any part where Nicaragua is concerned.

Will Talk of Sugar Beets.

Springfield, Ill., March 12.—Preparations are being completed for holding a sugar-beet convention in this city Wednesday, March 16, for the purpose of considering the advisability of establishing a factory for the manufacture of products from this industry if cultivated in this section. Prominent farmers and capitalists are behind the scheme, and hold that the soil and climate are excellently adapted for sugar-beet cultivation and that a factory for that purpose would be a paying venture.

Sagasta Said to Be Optimistic.

New York, March 12.—A special from Madrid says: The vagaries of the stock market are attracting much attention here. For example, at the cabinet council the price of corn and the elections occupied more time than the attitude of the United States. Senor Sagasta is totally unruffled and keeps optimistic. The government organs, the Liberal and the Correo, curtly state that the endless false reports circulated have created a dangerous condition of public sentiment.

Concession to Laymen Voted.

Springfield, Mo., March 12.—The St. Louis Methodist conference, in session here Friday, by a vote of 92 to 19, agreed that equal representation of lay and ministerial delegates should be advocated at the general conference two years hence. The St. Louis conference will have four ministerial and two lay delegates.

Killed by His Stepsons.

Dubuque, Iowa, March 12.—During a fight Thursday between John Earle and his stepsons, Charles Redmond, aged 15 years and William Redmond, aged 19, the old man was so terribly beaten that he died early this morning. The boys escaped.

Left a \$20,000,000 Estate.

Hartford, Conn., March 12.—The will of the late Amos R. Eno, proprietor of the Fifth Avenue hotel, New York, has been filed for probate here. It disposes of an estate valued at \$20,000,000.

Merritt's Tour of Inspection.

New York, March 12.—"I shall start on my trip to inspect the fortifications upon the seacoast of the southern states on Monday next," said Gen. Wesley Merritt, in an interview.

Monastery to be Erected.

Washington, March 12.—Ground was broken here Friday for the foundation of the Franciscan monastery, to be erected as an affiliated institution of the Catholic University.

Suicide of Prof. Horace Fenn.

Berlin, March 12.—A dispatch from Frankfurt-on-Main says Prof. Horace Fenn, who formerly resided in the United States, has committed suicide by drowning.

From all the country, come words of praise for Chamberlain's Cough Remedy. Here is a sample letter from Mrs. C. Shep. of Little Rock, Ark.: "I was suffering from a very severe cold, when I read of the cures that had been effected by Chamberlain's Cough Remedy. I concluded to give it a trial and accordingly procured a bottle. It gave me prompt relief and I have the best reason for recommending it very highly, which I do with pleasure." SOLDIERS GUARD BOMBAY.

Stores Closed and List of Riot Victims Made Up.

Bombay, March 12.—The total casualties resulting from the plague riots are two soldiers of the Shropshire regiment killed, a municipal inspector, who accidentally shot himself, four European and four native policemen, with seventeen civilians, injured. Nine rioters were killed and twenty-two injured. One hundred and nine arrests were made.

The Hindoos and Mohammedans began closing their shops yesterday as a protest against the plague measures, and the movement is spreading. About 15,000 dockers, railway laborers and others have struck work. The city is guarded by infantry, cavalry, marines and armed police.

Decides Against the Ramsays.

Carlyle, Ill., March 12.—A decision in the appellate court at Mount Vernon in the case of W. H. Nichols and others vs. Julia D. Ramsay and her three children gives the plaintiffs a victory. Rufus N. Ramsay, late state treasurer of Illinois, died Nov. 11, 1894, and left a large sum of money in life insurance to his widow and children. The depositors in the defunct bank held that deceased had been insolvent five years previous to his death, hence the cash paid out as premiums during that time should revert to them. Judge Wilderman of the circuit court decided in their favor and entered judgment for the defendants for \$3,000. The Ramsays appealed and the decision of the lower court was sustained.

War with Japan Inevitable.

London, March 12.—The Daily News publishes a suggestive interview on the Chinese question with Dr. Markoff, the Russian expert. Dr. Markoff repudiates the idea that Russia intended to annex Manchuria, although he thought there was no doubt this would come about a century hence. "Russia's present aims," he said, "are merely to obtain an ice-free port to serve as the terminus of her railway system, to isolate Japan, and to develop the vast commercial wealth of China. It is absolutely necessary to curb Japan's ambition. It is a question of predominance between the white and yellow races. If Japan is allowed to join forces with China the white races are doomed. Russians regard war with Japan as inevitable."

Pyramid Pile Cure Cures Piles Quickly.

People go along for years suffering with piles. They try this and that and the other thing; from carrying a buckeye to getting treatment from a physician. They obtain temporary relief, maybe, but they are never quite cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhoea and the piles come back.

They don't seem to amount to much, but they banish sleep and appetite. No position is comfortable. There is intense local pain and that dreadful feeling of weight in the perineum. Maybe in the early stages some of the many salves on sale will afford temporary relief. If the case is of long standing there is only one speedy and sure remedy. It is the safest thing to use. Other applications may cure and may not. Pyramid Cure is always certain, always reliable, always brings comfort at once. Its prompt use saves months of severe suffering. In extreme cases it will save surgical operations and their attendant dangers and discomforts. It is better than a knife. Will cure easier, quicker and safer. Thousands have used it. Thousands have been cured by it. The cost is trifling compared with what it does. The price is 50 cents. Most anybody would gladly pay ten dollars to be rid of piles. Druggists sell Pyramid Pile Cure.

Spring Medicine

Experience teaches the importance of special care of the health. And fixed among the important principles of hygiene and health is the acknowledged necessity of a good Spring Medicine.

Just as firmly established by the experiences of millions of people, is the positive fact that Hood's Sarsaparilla is "far and away" the best blood purifier and spring medicine ever produced.

The necessity is found in the impure condition of the blood at this season, owing to the close confinement and breathing vitiated air in office, store, shop, house, schoolroom or factory; excessive eating and drinking too rich and hearty food; late hours and social indulgences. With the blood thus thick and impure, the machinery of life grinds hard.

Hood's Sarsaparilla purifies, vitalizes and enriches the blood, builds up and strengthens the nerves and tones the stomach. It oils up the machinery of the whole body; the liver takes up its work anew, the kidneys resume activity, the ache goes out of the back, the bowels are regulated, the appetite restored, the food is relished and assimilated.

Don't wait till you are thoroughly sick before you begin to take a Spring Medicine.

Lock the door before the horse is stolen.

Take Hood's Sarsaparilla now as a preventive and it will pay you a thousand fold in health and strength through the coming summer.

"We always take several bottles of Hood's Sarsaparilla in our family every spring as a tonic and blood purifier and we find that it overcomes that tired feeling gives new life, and keeps us well all summer." WM. RINGEL, 813 5th Ave., Peoria, Illinois.

Excellent Spring Medicine.

"For a number of years I have taken Hood's Sarsaparilla in the spring, not for any particular ailment, but on general principle, that the system needs a tonic at this time, and I have always found Hood's Sarsaparilla a most excellent spring medicine." HAKON HAMMER, Engineer, Pottstown, Pennsylvania.

That Tired Feeling.

"I was troubled with that tired feeling all the spring. I purchased three bottles of Hood's Sarsaparilla, and when I had taken about half of it I was feeling well again. I believe Hood's Sarsaparilla to be an excellent blood purifier and tonic." MISS ORA E. MORGAN, Busey, Illinois.

Builds up the Health.

"We take Hood's Sarsaparilla as a tonic in the spring. Two of our children had tonsillitis and their blood was in a bad condition. Hood's Sarsaparilla built them up, and we have taken it again this spring with much benefit." Mrs. P. H. CAHOON, Pleasant Lake, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. There is no substitute for Hood's.

SHERIFF MARTIN'S TRIAL.

The acquittal of Sheriff Martin at Wilkesbarre, Pa., is another evidence that the American people are prone to back up law and order. Judge Woodward laid down the law as follows:

The distinction between the right to strike and the right to compel others to strike is a natural and palpable one, and is approved by the instinctive law of right and wrong, as well as by the statutes and the decisions of the courts. And the compulsion denounced by the law is not alone that which consists in actual physical force applied by one upon another.

It may consist in a course of action tending to overawe, or frighten, or stampede a body of men who are anxious to work, as well as in laying a violent hand upon the individual workmen and forcing them by main strength to abandon their employment and unite in a strike.

The fact should be well borne in mind that one set of men have as much right to work as another set have to quit work. The men who refuse to work have no more rights than those who are willing to work. It is unlawful to compel strikers to work, but it is equally unlawful for strikers to prevent others from taking their places. This rule balances itself perfectly, and should be enforced. The people will back up all efforts along this line.

ENGLAND IS WITH US.

According to the newspapers John Bull will be Uncle Sam's bottle holder in case of trouble with Spain. A conservative member of parliament, Hubert Valentine Duncombe, was to ask whether, in view of recognizing the identity of the interests of all English speaking people, the British government will consider the advisability of placing the services of the British fleet at the disposal of the United States in the event of complications between the United States and any other foreign power. The question was not put, however, as Mr. Duncombe has not decided as to the exact form of his question. He said:

"Many more members than I supposed would do so come to me in order to say they heartily endorsed my question. I am convinced the government would have desired to answer my proposed question affirmatively and would have done so had it not involved other considerations, besides expressing

what I believe the present government sincerely holds, that in the face of foreign complications the interests in the of Great Britain and the United States are inseparably intertwined.

"Today's expression and endorsement we will eventuate as soon as we can frame the question in the exact term which clearly expresses the opinion of the house of commons that any trouble threatening the United States will be shared by Great Britain."

Oshkosh now has a population of 32,120 people. Her growth has been steady and the city is on a substantial basis. Although the name of that good town savors of the lunatic asylum it is one of the most progressive cities in the northwest, and no good citizen need be ashamed to say that he hails from Oshkosh.

The gold reserve continues to grow. The first six days in March witnessed an increase of about \$1,000,000, and the current receipts of nearly \$900,000 per day. The rapid increase in the gold reserve has been one of the striking features of the treasury reports for several weeks.

The falsity of the charge that the Dingley law was framed in the interest of the sugar trust is shown by the fact that within six months after the passage of the law the sugar trust stock quotation declined from 150 to 120.

The last statement of the condition of the United States treasury shows available cash balance, \$24,735,864; gold reserve, \$168,842,935. Thus it will be seen that five times the amount of the "war appropriation" can be readily had if necessary.

The Janesville men who have been spoiling for a fight can get into Uncle Sam's service by going to Milwaukee and enlisting, but the trains have not been crowded with patriots as yet.

Wyoming asks the permission of the government to organize a regiment of cavalry to be composed wholly of cowboys. General Miles says such a regiment would be invaluable.

The war department of the Chicago Tribune is being worked day and night fixing up projectiles, and there are evidences, these days, that the whole Tribune force is "loaded."

The United States' coast defenses will be strengthened by the addition of 476 pieces of artillery before July 1. They can be "turned loose" on the Fourth, anyway.

If a cold spell is, properly speaking, a "cold snap," then this soft weather must certainly be a "soft snap." Public opinion may not be unanimous on this point however.

While General Weyler denies the mines were "planted" in Havana harbor, he maintains a discreet silence as to whether or not any were "salted."

Americans are Americans the world over. The American Society in London has started a fund for a memorial to the dead of the battle ship Maine.

Lumbermen say the logging season is over, but the politicians are of the opinion that the log rolling season has hardly begun.

The boards of inquiry have not yet reported as to either the disturbance at Havana or the question of candle power.

The democratic administration was afraid to back General Lee, but President McKinley is made of sterner stuff.

England has not yet showed a disposition to side with the yellow papers.

Up to date the dogs of war have all been of the yellow variety.

To Voters of Janesville
I hereby announce myself as a candidate for the office of street commissioner and solicit the support of republican voters.

"I wish I had a voice which could be heard throughout the length and breadth of this continent, that I might speak to the army of sufferers who are being tortured by the disease with which I have been afflicted for years. I have been an intense sufferer for several years and everyone who has had that disease knows the extreme agony I must have endured, itching, burning, scratching, digging and loss of sleep has been my deplorable condition. Four of our best physicians had exhausted their energies on my case, without even giving me relief. Oh, what a godsend to me when one of our druggists called my attention to that wonderful remedy, Septicide, and assured me that it would do what skillful hands had completely failed in doing. Suffice it to say that two bottles cured me completely, so there is no return of this dreadful complaint.

COST WILL BE \$15,000,000. COUNTRY IS NOT ALARMED.

One of the New Vessels to Be Called the Maine—House Discusses Civil War Claims—Powderly's Nomination Rejected.

Washington, March 12.—The United States is to build at once three new battle ships. The house committee on naval affairs decided upon the plan Friday and may report the measure to the house on Monday.

Besides this, there is reason to believe that the administration will get the two war vessels building in England for the Brazilian government; and that it has options on several other craft under construction has been officially admitted.

While these developments might create the belief that hostilities impend, the officials still profess confidence that there is to be a peaceful outcome of the present difficulties. Meanwhile they are simply preparing with serenity to meet their duty if events should shape themselves otherwise.

When the vote was taken there was but one dissenting vote. Mr. Tate insisted that two battleships would be sufficient to meet the present needs.

The new warships provided for will be of the finest pattern. It will be two years doubtless before they can be placed in commission. One of them, the committee decided, should bear the name of the ill-fated Maine. The appropriation for their construction was not fixed, being referred to the subcommittee on appropriations, which will report to the full committee. The cost, it is expected, will be about \$5,000,000 each, though for the fiscal year covered in the bill the amount of expenditure may not exceed \$2,000,000 each.

DEBATE OVER WAR CLAIMS.

The House Spends Friday Discussing the Bowman Bill—No Action.

Washington, March 12.—The bill to pay the Bowman claim, aggregating \$1,200,000, for stores and supplies furnished the union army during the war, was before the house until 5 o'clock Friday, but beyond completing the general debate little progress was made. Of the 800-odd claims in the bill, all but a few come from the south, and dilatory tactics were resorted to to prevent progress with the bill. During the filibustering the house was in an uproar. At 5 o'clock, after completing two pages of the bill, the house recessed until 8 o'clock for an evening session to be devoted to pension legislation. After the evening session the house adjourned until Monday.

DECIDES AGAINST POWDERLY.

The Senate Committee Reports Adversely on His Confirmation.

Washington, March 12.—The senate committee on immigration has reported adversely upon the nomination of T. V. Powderly to be commissioner of immigration. The nomination has been held up in committee for several weeks on account of the absence of Senator Chandler. He having returned to Washington, the matter was brought up and the vote taken.

President McKinley received a number of protests against Powderly's appointment from the representative labor organizations in all parts of the United States. Ever since congress has been in session these protests have continued to come to the members of the committee on immigration.

Changes 5-Cent Stamp Color.

Washington, March 12.—The postoffice department has commenced to issue 5-cent stamps of dark blue, instead of brown, which has heretofore been the color of these stamps. This change is made to comply with the international postage congress regulations. This change will be followed by a change of the 1-cent to green. The 2-cent will remain as it is.

May Take Action Monday.

Washington, March 12.—The members of the Cuban junta are responsible for the statement that the president will send a message to congress next Monday recognizing the independence of Cuba.

Ask Cattle Rules for Prussia.

Berlin, March 12.—In the lower house of the Prussian diet Friday Messrs. Ring and Mendelsteins submitted a resolution calling upon the government to urge the imperial government to impose more strict regulations upon the import of cattle from countries suspected of having cattle disease, and also establishing a system of compulsory inspection of meats as well as more efficacious frontier regulations.

Southampton, March 12.—Up to midnight the American line steamer Paris, from New York, which is three days overdue at this port, had not been reported. Her agents, however, are not anxious concerning her safety. They are of the opinion that she has anchored in the channel owing to the heavy fog prevailing or that some accident has happened to her machinery.

Yukon Railway Bill Passes.

Ottawa, Ont., March 11.—After an all-night session, in which the time of the house was occupied in a discussion of the Yukon railway bill that measure was read a second time at 5:30 this morning, the majority in its favor being 39.

Demand for Products for All the Great Industries Is Increasing—Large Exports of Breadstuffs—Failures for the Week Fewer Than Last Year.

New York, March 12.—R. G. Dun & Co.'s Weekly Review of Trade says:

"It is most gratifying that no industry or branch of business shows any restrictions or hindrance, but some have been rapidly gaining for the last week and month. The railways are gaining, even while speculators are selling their stocks, and the demand for products for all the great industries is increasing. More gold is coming from Europe than is needed, \$10,868,001 having been ordered during the last week, and money markets are nowhere alarmed or stringent, though reasonably more cautious. The country rests assured that its industries, almost all of its business, the foreign demand for its products especially, and all its resources are beyond the reach of any power, and that its honor and foreign interests are in safe hands.

"Exports of principal products in February were \$61,634,091 in value, with an increase over last year of about 50 per cent in breadstuffs, in cotton 25 per cent, and 25 per cent in the aggregate. The weekly output of pigiron was 228,338 tons Feb. 1, but 234,430 March 1. Sales of wool for this week have been the smallest since the week of greatest alarm in August, 1896. Cotton goods have a larger distribution and prices are generally steady, though in outside dealings print cloths are a shade lower.

"Failures for the week have been 249 in the United States, against 256 last year, and 36 in Canada, against 61 last year."

BOARD OF CONTROL MEN WIN.

Iowa Senate Rejects the Lewis Plan Aimed at the Governor.

Des Moines, Iowa, March 12.—Decisive and complete victory was won in the senate Friday by the managers of the board of control fight. After a brief discussion, in which Senator Lewis, the author of the pending amendment, took the leading part, the amendment to have the members of the board of control elected by the legislature, instead of appointed by the governor and confirmed by the senate, was defeated by a vote of 23 to 21.

The house passed Mr. Ladd's bill taxing assessment insurance associations organized outside of Iowa 2½ per cent on their premium receipts, instead of 1 per cent, which they now pay.

In the Spring You Need the Wonderful Strengthening, Purifying, Invigorating Effects of Dr. Greene's Nervura. Take it Now, For it is the Best of All Spring Medicines.

Clara Barton, President of the Red Cross Society, indorses Dr. Greene's Nervura.

What higher commendation can a medicine have, what more convincing proof, what more positive assurance that Dr. Greene's Nervura blood and nerve remedy will surely cure, than the recommendation and indorsement of the world wide known and universally loved and honored, Clara Barton, President of the Red Cross Society!

Such is the world famous Clara Barton, President of the Red Cross Society, and her words in praise and recommendation of the wonderful curer of disease, Dr. Greene's Nervura blood and nerve remedy, will be a new hope to thousands upon thousands of those who are sick, out of health, weak, nervous, or who suffer from headaches, rheumatism, neuralgia, or other painful and distressing disease, nervous affections or poor and devitalized blood.

Clara Barton says:

"We have tried Dr. Greene's Nervura blood and nerve remedy and although the remedy has been in our hands but a short time, we judge that the remedy has all the merits which are claimed for it. We shall still continue its use, with the expectation that we shall be able to endorse it still more highly.

CLARA BARTON, President of the American National Red Cross, Washington, D. C."

Belva A. Lockwood, foremost woman of her time, cured by Dr. Greene's Nervura.

There is no word so powerful among women, no influence so great, and no authority so high as the utterances of a recognized leader when speaking to her sister women for the good of womankind. When, therefore, the voice of Belva A.

Lockwood, of Washington, D. C., who is recognized among women as their mightiest leader and champion in all woman's movements which mark this generation, is raised in the interests of women: when this representative of her sex to such an extent that she has been twice nominated for President of the United States by the Equal Rights Party, publishes the fact to the world that she owes her present good health and strength to the use of Dr. Greene's Nervura blood and nerve remedy, it comes as a positive proof, a revelation of the way to health to the thousands upon thousands of people who droop and languish under the burden of ill-health, over-taxed strength, nervous disorders and the weaknesses, pains and aches of female complaints.

Mrs. Lockwood says:

"I have used Dr. Greene's Nervura blood and nerve remedy, and am pleased to say that it has improved my digestion, relieved the sleeplessness under a great nervous strain, during which I believe that sleep would otherwise have been impossible, and seems in every way to have built up my general health. The attacks of faintness to which I had previously been subject have entirely disappeared. It increases the appetite, tends to cheerfulness and general good feeling and leaves no ill effect.

"I can freely recommend it to all persons afflicted with nervous disorders, or that tired feeling which is so common. I recommend it also to nervous people, aged people and to all persons in delicate health.

BELVA A. LOCKWOOD, A. M. & B. L., Secretary American Peace Bureau."

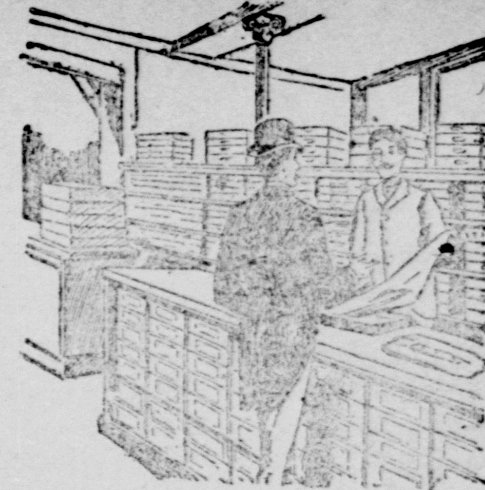

Vice-President of the Massachusetts Total Abstinence Society Cured by Dr. Greene's Nervura.

Vice-President of the Massachusetts Total Abstinence Society, Mrs. S. Louise Barton, of 4 Union Park St., Boston, Mass., says: "I am glad to give my testimony in regard to the great worth of Dr. Greene's Nervura. Two years ago my husband and myself, both slowly recovering from a severe illness, found ourselves unable to sleep, and becoming, by reason of this, so nervous and weak as greatly to retard our recovery. By the advice of a friend (after trying various other remedies) we began to take Dr. Greene's Nervura. It acted like a charm, giving us refreshing slumber and also returning strength. I had been troubled with dyspepsia and found, to my surprise, that as my strength returned I was being cured of this disease also. I have relied on it ever since when wearied with my brain work, and found it the best thing I have ever tried."

Mrs. Henry Ward Beecher, wife of the Greatest Preacher and Divine that ever lived, knew and told the wonderful good Dr. Greene's Nervura is doing.

Mrs. Henry Ward Beecher, whose name is revered and honored by everybody, wrote to the people out of deep regard for humanity and an earnest desire to restore the weak, tired, feeble, nervous and suffering, again to health and strength: "I have given some of Dr. Greene's Nervura to several friends who I thought would be benefited by it. They speak highly of it, and feel they have been much benefited by its use. These people are very responsible witnesses as to the beneficial character of the medicine, and I am ready to vouch for the honesty of their approval of Dr. Greene's Nervura. If needed in my own case, I certainly should use it."

Remember also that Dr. Greene, 148 State St., Chicago, Ill., can be consulted free, personally or by letter.
